

Cremation Remembrance

Every Detail Remembered®

Dignity®
MEMORIAL

Honoring every detail of a special life

A memorial service gives family and friends the opportunity to say goodbye and find comfort in sharing their loss with others. It can be held with or without the urn present and can be as customized as you wish, including memorable touches such as music, readings, mementos or other forms of personalization. Your Dignity Memorial® professionals can help you plan every detail to create a distinctive event that is truly the celebration of a lifetime.

Lasting remembrance

Selecting a place of permanent remembrance is one of the most important things you can do to celebrate the memory of a special life. It not only gives family and friends a place to reflect and pay tribute, but can also create an enduring legacy for future generations.

PERSONAL ENGRAVING	SCATTER	WATER SCATTER	TSA RECOMMENDED

Please note that because of the unique nature of each urn's material, variations in color and size may occur.

Engraving options will vary depending on the size of the urn or keepsake.

TSA's Transportation of the Deceased

The TSA recommends that consumers purchase a wood, plastic or non-lead lined ceramic container for transporting their loved one's remains, as these materials generally successfully pass through the TSA's security screening. However, please be aware that some airlines do not allow cremated remains as checked baggage, so please check with your air carrier before attempting to transport a cremation container in checked baggage.

The Dignity Memorial® brand name is used to identify a network of licensed funeral, cremation and cemetery providers owned and operated by affiliates of Service Corporation International, 1929 Allen Parkway, Houston, Texas, 77019.

- > LEATHER/MINIMUM CONTAINER/CERAMIC > COMPANION

Crafted from a wide range of materials and designed in all manners of form and function, full-size and keepsake urns range from simple to ornate and from decorative to understated, with a style offered for every individual taste and desire.

☛ Composite wood products are secured together by adhesives which require reasonable care to ensure products perform as intended. Exposure to extreme temperatures or moisture may result in product failure. Always use the plastic bag provided with the urns for a loved one's ashes. Composite wood urns are not for use in an outdoor niche. Use a soft dry cloth for dusting and cleaning. The product manufacturer is not liable for product failure due to mishandling or unreasonable care.

Keepsakes and jewelry sold separately from the full-sized urn.

CULTURED STONE

All states allow for scattering, but scattering on a private property requires the property owner's permission. A permit is required for state parks, and ocean dispersal must be done at least three miles from shore. Consult your local authorities for scattering regulations in your state, as additional requirements and restrictions may apply.

NOTE: HEALTH & SAFETY CODE

California Health & Safety Code 7117 (a) states, "Cremated remains may be taken by boat from any harbor in this state, or by air, and scattered at sea. Cremated remains shall be removed from the container before the remains are scattered at sea."

METAL

Whether burnished to a fine sheen or antiqued to heirloom quality, metal offers lasting strength and unique beauty. Designs of all shapes and styles provide options for any need.

There are many meaningful ways to personalize urns and jewelry. All of the urns and jewelry marked with an **E** located directly after the description allow for up to two lines of engraving of names and dates and are included in the price of the urns and jewelry. Adding design elements or other words of remembrance are considered custom engravings and are available at an additional charge.

Brass Plate engravings are available on Granville urns and Living Tribute urns only.
