“ My dearest Becky. You are the sister I never had. I still can't absorb the fact that you are gone. My heart is broken and I will love you for ever. 💔 You would have done anything for me, and I for you. I know God wanted you for a reason and someday when we meet again, I'll find out why. Fly among all the angels. I need you to still be my angel. I love you.

“ Your Ohio family sends our deepest condolences for the loss of this amazing woman. she was like a second mom to me, and I used to call her my Beckymom. She loved life indeed and had a heart filled with love, laughter and sincerity. She was always willing to lend a hand and I so appreciate all that she did for my father. She will be missed by all of us and we are very sorry for your loss. Still can't believe she is not here, and look forward to seeing here again when we see one another in heaven.

“ I have so many fond memories of Becky! She was my “older” first cousin and we had such good times as kids and then when I was a teenager I loved spending time with her! When my husband was in training in Tucson, I stayed with Becky for a few days and had a great time. I loved it when she would come back home for a visit. She was funny, smart, lively and we loved and adored her. Our hearts are broken and she will be forever missed.
