

## Don Jasper Javier Lozada

September 13, 2021

Don Jasper Javier Lozada rested peacefully on Wednesday, September 23rd, 2020. With a diagnosis of kidney failure, Don fought over three years as a dialysis patient. Don was born June 19th, in San Pablo Laguna, Philippines, and began a family in Jersey City, New Jersey. Don was a loving son, brother, uncle, nephew, husband, and father. His witty jokes and hilarious comebacks were what he was known for. He used his comedic personality to fight his struggles with his health. Don is an intelligent individual, who worked hard on his love for cars, and home improvements at his Arizona Home. He cherished moments with his wife and daughter, where they bonded over the love of family and food. Don made it a staple to always provide the best dishes and creations for his family to feast over. His importance of family was definitely reflected until his time of passing. May his soul continue to rise, and prosper.
