“ I just found out about Gary passing. I searched for him because we used to trade emails and he has not responded for months. Very sorry for your loss, Gloria. Gary and I grew up in the same neighborhood on Rainier Beach Hill in south Seattle. He was a good friend and we were teenagers together and had a good time. He was always a hard worker even as a kid and I knew he would be a success in life, no matter what he chose to do. He was a good and loyal family man too. He did my transmission work and I did his real estate appraiser work her in the Olympia area before he retired to AZ. I always wanted to travel down and see you guys, but illness and the farm here kept me home. Sure wish I had. I miss his emails and his political perspective. I will say a few prayers for the repose of his soul.
