Her love for her children and grandchildren was unwavering, and she dedicated herself to ensuring their happiness, safety, and success. Jacquie was immensely proud of her children and loved her family deeply.

As a wife, mother, sister, and friend, Jacquie will be forever cherished in the hearts of those who knew her. Though she will be deeply missed, her love will

“ Ever since I met Jacquie almost six years ago, I was constantly impressed by her helpful and collaborative attitude. You could rely on her to not only adeptly navigate any challenge thrown her way, but also to do so with considerable aplomb.

I spent many hours on calls with Jacquie trying to navigate a thorny work problem and we always came out the other end on a high note. She was one of the few people I felt I could go to with any problem, and she would somehow find a solution, whether it would be the same day or even weeks later after she spent dedicated time researching.

One of my favorite moments together recently was when it was announced she would be taking on the LMS Architect role as it was such a great fit for her.

I learned so much from her, and I am a much better person for it.

Jacquie was exceptional and words cannot convey how lucky and privileged I've been to work with her as I did. She will be sorely missed.

“ *She is a remarkable human with a wonderful soul. ❤️*

She was so very smart and taught me so much. She knew just how to nudge me to show what I truly know about CSOD, stood in the back and let me shine from HER accomplishments and patience with me.

Although I miss her mentorship and kindness. I know she is in paradise. ☐

There will never be a time when I don't think of Jacquie without a smile to my face. I'll never forget my Boss-Ette. 🐾❤️😊
