“ Mark Thomas. As I sit here about a month since you have been gone, it still doesn't feel real. It still feels like you are just like on vacation and will be back at some point. I never thought I would have to write an obituary for my little brother. You were my very first best friend and the first one to make me an auntie. We didn't always see eye to eye on things but I always knew that you would be there if I needed you. I love that you had a passion for riding. It always made me nervous only because of how other people drive. You will forever be in my heart! Love your favorite sister!
