“ One of the best Ground To Air communication specialists I have ever known and I was happy to say that he was Charlie Teams GTA. He was a funny guy who loved being an Airborne/Pathfinder and when he transferred to Germany, we felt the loss. I will miss you "Mongo" and I wish you happy landings. FILO!!!

“ My cousin was a spunky guy – and loved having a good time! He was very proud of his military service- and we are proud of him and what he did for our country! Even if I never got to see him as an adult, I was grateful for being able to connect on facebook. For the family: I hope you can find peace.
