“ Pam, what a mighty joyful soul she had. I have not seen Pam since high school but remember her with loving and kind thoughts. We became friends on Facebook and it was so nice to hear from her. Her smile was always contagious as was her laugh, May the family know that lil Pam, though small in stature was larger than life. May memories of your sweet daughter, wife, mother, grandmother, sister and friend bring you comfort. I am truly sorry the world lost such a bright light. God Bless you all.

“ Pam will truly missed by her DHL family. I had the pleasure to work with her for many years & no one cared more about her customers and taking care of them. She was the best of us and if Best Practice had a face I believe it would be Pam’s smiling one!

“ PaMela ????? I will always remember the first time I met you. Phil and I had come to Colorado for my best friends wedding and before flew home we stopped by the house and I was able to meet the Peacocks. I remember you the most, you with your beautiful baby girl. I remember how loving ❤️ and friendly you were to me. That was really strange to me because girls usually weren't that kind right off the get go. I could see why Phil loved you and always spoke of you with such endearment. Over the years, we didn't see each all that much but when we did it was like we were long lost friends. There was never an uncomfortable moment with you. I loved how much you loved your family and were never far from them. I will forever miss our times in Havasu, ????? as that seemed to be our meeting place ????? I hope we will be able to take a part of you and sprinkle you under the grapefruit tree ?????, the tree that Don loved so much that we made sure we sprinkled a part of him there. We will forever miss your smiling face and contagious laugh. You are now in heaven, your forever home, pain free and young again. Maybe you are even in the bikini ?????again. LOL .. What more could we ask for? Love you PaMela ❤️????❤️ Donna

“ Pam, thank you for being a great mother to my best friend Chantel! I always saw a smile on your face during gatherings and your love and generosity for your family and grandkids was always in abundance. I admire you for being a wonderful grandmother, especially to Laila who will always remember and love you. I know you will continue to love, guide, and protect your family from above and that is just a few of the things that make you special! With love, xoxo.

“ You added so much joy and laughter to everything you did and to everyone with whom you came in contact. I will miss our talks, laughs and all of the special times we spent together. Most of all I will miss your friendship. I know you are in a better place and no longer in pain. Even though the Lord took you to be with Him far too soon, your spirit will live on through your children and grandchildren and rest assured, Jeff will always keep your love alive and the family close. I truly believe I will see you again some day on the other side. Until then, I will always have an empty space in my heart that you filled with your kindness, caring, love, laughter and friendship. I love you, Pam.

“ Pam will be truly missed by all lucky enough to have called her a friend. In my work travels I would visit stations and they would all comment on Pam and how “on top” of everything she was. Pam had high standards for herself and others and was always willing to take on the challenges presented to her. Several years ago when Jeff was recovering from his heart surgery I was in PHX every few weeks to support the operation; I typically don’t get invited to an employees home but Pam invited me out for dinner with her and Jeff. I often remember and speak of this and subsequent visits to their home – I very much appreciated the invite and hospitality which I’m confident anyone who was considered a friend has experienced. You know when you’re in the presence of good people and Pam was one of those people...
